

Safeguarding Risk Assessment 25-27

This risk assessment considers the potential for harm to come to children whilst they are in the care of this club and gives the required policy, guidance or process documents required to alleviate these risks. This risk assessment has been carried out prior to the publication of the Child Safeguarding Statement (Section 11 (1b) Children First Act 2015). In this context and in accordance with the requirements of Section 11 (1) of the Children First Act 2015, that states "as a provider of a relevant service we will undertake an assessment of any potential harm to a child while availing of the service"; the risk is of abuse and not general health and safety risk. This risk assessment is also in accordance with Sport Northern Ireland's Safeguarding in Sport Standards for NI and as such can be used by the IRFU's constituent Provinces and clubs.

The list of risks identified and procedures to manage these risks are listed in relevant categories overleaf and are based on the IRFU Club Safeguarding Guide.
